

Thank you for registering to attend USF's **43rd annual Engineering Expo!** Expo is one of the longest running and largest traditions at USF. Our staff is excited to host you as our guests this February. Please let us know if you have any additional questions or concerns leading up to Expo by emailing us at usfexpo.general@gmail.com. Please also check our website at expo.eng.usf.edu for some answers to your questions. We will be posting more information soon.

Thank you, and see you at Expo!

-- 2015 Expo Staff

Location, Parking, and Arrival

Engineering Expo takes place on the USF Tampa Campus, in all of our engineering buildings and many of our science buildings, with many exhibits outside. If you park in the designated area adjacent to Expo, signage will guide you to our registration tent, where you can check in. For directions to our area on USF's campus, we suggest plugging this address into your GPS or Google Maps:

Richard A. Beard Parking Facility, USF Alumni Dr, Tampa, Florida 33620

or, alternatively, search for **4202 East Fowler Ave, Tampa, Florida 33620**. After turning into the school onto Leroy Collins Blvd, turn left onto Alumni Drive. On the right, there will be a parking garage at the corner of Alumni Drive and USF Beard Drive.

Parking in this garage in levels 3-8 will be FREE to Expo visitors. No parking pass is needed.

A final copy of our event map will be available on our website at <http://expo.eng.usf.edu/docs.html> the week before Expo. We will have some print copies available at the event at the registration tent. Additionally, we will have volunteers posted throughout the event space to help guide you to your next destination. Feel free to ask any volunteer (wearing this year's Expo Volunteer T-Shirt) for help of guidance during Expo.

Schedule of Events and Exhibits

Engineering Expo is designed to be a self-guided tour of our exhibits. For most exhibits, there are no set times or schedule of events. There will be a few shows throughout the day at regular hour or half-hour intervals. Please check <http://expo.eng.usf.edu/docs.html> soon when our final schedule is posted on our map/program. You will also find on the same page a detailed list of all Expo exhibits.

Many visitors choose to visit exhibits that fit their specific interests, such as our several robotics exhibits, or our green energy exhibits, while others choose to learn about all the different types of engineering by visiting our booths put on by student organizations such as the American Society of Civil Engineers (ASCE), the Society of Women Engineers (SWE) or the American Institute of Chemical Engineers (AIChE). Most of Expo's exhibits are put on by USF Engineering, Science, Math, and Technology students or real engineers and scientists from the Tampa Bay Community.

Lunch

All guests have the option to pack their own lunches, or purchase lunch at the Expo. Lunch will be served by USF catering services.

The 2015 Expo Menu will include an entrée, chips, and a drink.

Entrées: Hamburgers/Cheeseburgers, Hot Dogs, Vegetarian burgers, Subway Sub, Pizza

Please note: If you would like to pay with a check or pre-pay for lunch, you must send a check to USF Dining or call to pay with a debit/credit card before February 12, 2015. **If you wish to pay with a check, you must pre-order. Please make all checks out to "Aramark". Please be aware that day of, only CASH OR CREDIT/DEBIT CARDS can be accepted.**

Contact person for dining- Christina Canty: canty-christina@aramark.com, 813-974-9875.

* There will be a designated area for which lunch will be served, and you will be able to purchase and receive lunch there on the day of the event.

Campus Tours and Admissions

If you wish to take a tour of our beautiful campus, we suggest signing up directly to ensure a spot on a tour:
<http://www.usf.edu/admissions/freshman/visitcampus.aspx>

To contact our Admissions office, send an email to admissions@usf.edu or, find your recruiter here:
